Motion for Hearing

---

Susanne Becker is motioning for a hearing based on a conflict of interest based on the United States Postal Service counsel, the Attorney General. The Federal Attorney General acts as the 'People's Lawyer' and I am a citizen of the United States and I should have the Attorney General on my side as my counsel too. I feel cheated out of my rights as an American to the due process system.

Pray for relief of this issue and or at least have an Attorney General on my side as well.
